

BBN INC

PUBLIC IP/STATIC IP APPLICATION

NAME: _____ ACCOUNT #: _____
ADDRESS: _____ PHONE #: _____

SSN/TIN/DL: _____

REQUESTED SERVICES

_____ **Static IP:** A Non-Dynamically Assigned IP Address that never changes and can be accessed from other computers or devices. If you are remotely logging into another computer, webcam, gaming, or other devices you can generally use a Static IP instead of a public IP. A router is not required to have a Static IP and there is no contract length requirements; service is given on a month to month basis.

_____ **Public IP:** A Non-Dynamically Assigned IP Address that never changes and can be accessed from other computers or devices worldwide. If you are setting up a VPN, a connection to a remote office or location, or some other form of remote networking a Public IP address is your best option. A router is required in order to establish a Public IP address and require a **MINIMUM 1 YEAR CONTRACT**.

CHARGES

Monthly

Static IP: \$12.00
Public IP: \$30.00

If you seasonally disconnect your internet you will still be required to pay your monthly IP charges as your IP address will not be discontinued if you are going to use it again in the coming season.

Installation

Static/Public IP Configuration Charge: \$45.00

A deposit may be required depending on services rendered and credit history with BBN Inc.

Installation fees & deposit are due before the service is rendered.

GUARANTEE

I authorize installation of the above subscribed services and agree to pay BBN Inc. any and all associated fees for the agreed upon term.
